

Meedidoddi Sharath Kumar

Hyderabad, Telangana, India | +91 6281488355 | dhanu13435@gmail.com | LinkedIn | GitHub

Professional Summary

Pre-final year Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning with hands-on experience building full-stack AI applications. Proficient in Python, Django, REST APIs, and LLM/RAG-based systems. Passionate about backend engineering and scalable AI solutions.

Technical Skills

Programming Languages: Python, SQL, JavaScript, HTML, CSS

Frameworks & Technologies: Django, Flask, Bootstrap, Django REST Framework

Artificial Intelligence & Machine Learning: Machine Learning, Deep Learning, NLP, CNN, RAG

Databases: SQLite, MySQL

Developer Tools: Git, GitHub, Postman, Render, Railway, PythonAnywhere

Projects

AI Interview Mirror | Live Demo

2026

AI-Based Interview Preparation Platform

Python, Django, Gemini API

- Developed an AI-powered mock interview system using Gemini API with dynamic question generation and feedback scoring.
- Improved response efficiency by optimizing backend API workflows and reducing latency during testing.
- Handled authentication and session-based interview tracking using Django backend architecture.

StudyMate AI RAG Chatbot | Live Demo

2026

AI-Powered Study Assistant

Python, Django, Gemini API, RAG

- Built a Retrieval-Augmented Generation (RAG) chatbot for context-aware academic Q&A over study materials.
- Integrated Gemini API with document retrieval pipeline to enhance response relevance and accuracy.
- Implemented backend APIs for efficient query handling and scalable conversation management.

Context Pulse AI | Live Demo

2026

AI-Powered News Analysis Platform

Python, Django, News API

- Developed a real-time news analysis system with AI-based summarization and sentiment classification.
- Processed live news feeds using News API and generated structured insights using LLM integration.
- Built scalable backend workflows for continuous news ingestion and analysis.

Education

Brilliant Group of Technical Institutions

Expected 2027

B.Tech in Computer Science Engineering (AI & ML) — CGPA: 7.89

Telangana, India

Govt Junior College

2023

Intermediate / 12th Standard — 78%

Telangana, India

ZPHS High School

2021

SSC / 10th Standard — GPA: 10.0

Telangana, India

Virtual Experience

Deloitte Data Analytics Virtual Experience Program | Forage Certificate

Performed data analysis and business insights generation using Excel and dashboard-based simulation tasks.

Developed analytical thinking by working on real-world business case scenarios.

Certifications

Artificial Intelligence - Infosys Springboard

Deep Learning - Infosys Springboard

Python Data Science - Kaggle
